

Hey bruh

Yeah bruh?

I know we chillin, but you mind if go deep with you for a sec man?

Yeah, wassup?

I was jus thinkin. Like... I'm kind of upset at how my life is...

What do you mean?

It's like. I feel like I've been working all my life for nothing. My parents told me as a kid that if I worked hard, I could be successful, and make bank, and sorta just like...

Chill with life?

Yeah, just like coast on through.

Yeah?

Yeah, and like. I stayed up night after night studying so hard, and it paid off, and I got into a elite as fuck school, and I'm doing hella well in my classes and... I dunno man.

I mean, you're living the high life right now aren't you? You just gotta graduate and you're almost guaranteed a good as fuck job.

I know that, but like... I don't know if I'm going to be happy with that life.

What do you mean, it's like everyone's dream to make bank

I know it is, but...fuck, man...

I kind of feel like I wouldn't be fulfilled with that. Like, I'm just going to work day in day out every day.

And after that I just go home and wait for it to happen all over again.

The same monotonous cycle every day, and I'm not allowed to choose anything except for what underwear I decide to put on that morning.

I feel like I'll never do anything substantial with my life, and like... I'm trapped.

Yeah, I feel ya...

Yeah, and like, I feel like I'll never fuckin like...be free, ya know.

I'm afraid that when I'm old and dying and shit, I'm going to look back on my life and realise like...I didn't fuckin do anything...

Well man...that's just how the world is.

Hm?

I'm not sayin you can't be upset about it, but like... I feel like to be happy, we gotta like...

...

A lot of us want to feel like we're in control of our lives, and that we know fully well how things are going to go and what's going to happen.

But when we realise that no, we're not in control at all, we sort of break down.

Like, was my whole life a lie until now?

I feel like what we gotta do is like, take control of what we can, ya know?

You may not ever be 'free' like you want to, but that doesn't mean you can't enjoy life.

You can take a nice walk, pick up a cool hobby, or just beat a video game you like. It can even be on easy mode.

I think just by being aware of the things that make YOU happy and make YOUR life better, I feel you can stand to realise that...yeah, you might be stuck in this shitty system, but at least you know it's not because you're not trying, ya know?

...

...

Thanks bruh

Ye, I'll be here for you man

I love you bruh

I love you too, dickhead
